Study Abroad Scholarship Opportunities

Fund for Education Abroad

The Fund for Education Abroad offers scholarships to U.S. citizens and permanent residents who plan to participate in an accredited study abroad program for undergraduate credit. The program must be at least 4 weeks in length. Students that demonstrate financial need, plan to study abroad in a non-traditional location, and whose program includes a service-learning component or language study, are encouraged to apply.

APPLICATION DEADLINE: Each year in mid-January

Gilman Scholarship

Awards of up to \$5,000 are made to U.S. citizen undergraduates to study abroad. Award amounts will vary depending on the length of study and student need with the average award for a semester being \$4,000. Students studying a critical need language while abroad in the Middle East, North Africa or other non-traditional locations are also eligible for an additional \$3,000 Gilman Critical Need Language Supplement. Students who are eligible for the federal Pell Grant funding at 2-year or 4-year undergraduate colleges or universities are eligible to apply. This congressionally-funded program is sponsored by the Bureau of Educational and Cultural Affairs of the U.S. Department of State and is administered by the Institute of International Education.

APPLICATION DEADLINES: Fall/All Year/Summer - Early March, Spring - Early October

Fulbright Scholarship

The Fulbright US Student Program is a prestigious international exchange grant that allows students to either pursue research, study abroad, or to teach English abroad for up to one year following graduation. This program is funded by the US Department of State, and it was developed by the US Congress in 1946 as an effort to promote mutual understanding between cultures. Applicants must be US citizens by time of application, hold at least a B.A. degree or the equivalent before the beginning of the program, and have sufficient language skills for host country in order to communicate and carry out proposed study.

Boren Scholarship/Fellowship

The National Security Education Program awards scholarships to U.S. students for study of world regions and languages critical to U.S. interests (including Africa, Asia, Central and Eastern Europe, Latin America and the Caribbean, and the Middle East). Ideal candidates for the Boren are students of political science, government, critical languages, international studies, military science, or international business, although students of other social sciences, health sciences, and certain other fields are also encouraged to apply. Students who plan to pursue a career in the government are natural candidates since all recipients of Boren scholarships incur a service requirement within an agency of the federal government with national security responsibilities. NSEP gives preference to applicants who intend to study abroad for a full academic year. Summer-only programs of 8 weeks or more are limited to science, technology, engineering, and mathematics majors. The maximum scholarship award for one semester is \$10,000 (\$8,000 for summer).
